

Interactive leadership training that will boost your team's performance!

Team-building expert Shawn Stratton works with managers & executives to strengthen leadership skills that translate into powerful teams.

Testimonial

“ I have already noticed a renewed interest and energy in all our management staff ... I would recommend your curriculum to any business who values teamwork and sees benefit in developing leadership skills. ”

- Rod Winsor | Manager | AMEC Earth and Environmental

Leadership for Team-Building - Keynotes, Workshops and Retreats

Cohesive teams are critical to the success of any business. Equip individuals with communication and teamwork skills and you'll strengthen and inspire your group. Be prepared for everything today's rapidly changing environment throws your way! Sessions include :

Expedition Behaviour for the Office

- Think of your project as an expedition : each member will become accountable and show increased commitment to achieving the group's goals
- Build a Team Recipe contract to be displayed in the office
- Clarify your mission and set bold goals the whole team can rally behind

What Kind of Leader are You?

- Identify and evolve your individual leadership style
- Explore prevalent leadership styles and their impact
- Legitimize leadership differences
- Understand your leadership strengths and weaknesses

About Shawn

Driven by the love of both education and adventure, Shawn Stratton devoted 13 years to leading wilderness expeditions into some of the world's harshest environments with the National Outdoor Leadership School. Along the way, his skill for fostering powerful teams made him a successful & sought-after mentor.

Leadership for Team-Building pulls from this rich experience and Shawn's background as an entrepreneur and consultant. Founder of the LiveMore Group, Shawn will bring his international team-building expertise to your company. Shawn has designed presentations and retreats for both small businesses and large corporations, offering teams of all sizes the inspiration and tools to flourish in this unpredictable, exciting economic environment.
